## DETAILED ACTION

### ***Claim Rejections - 35 USC § 101***

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 9-10,23 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

To meet the requirements of 35 U.S.C. §101, "(t)he claimed invention as a whole must accomplish a practical application. That is, it must produce a useful, concrete and tangible result." M.P.E.P. § 2106(II)(A) (quoting *State Street Bank & Trust v. Signature Financial Group, Inc.*, 149 F.3d 1368, 1373, 47 USPQ2d 1596, 1601 (Fed. Cir. 1998)).

Claims 9-10,23 appear to be an abstract idea rather than a practical application of the idea. **Claims 9-10,23 do not result in a physical transformation nor does it appear to provide a useful, concrete and tangible result.** Therefore, claims 9-10,23 appear non-statutory.

### ***Allowable Subject Matter***

Claims 1-8,11-22 are allowed.

With respect to claims 1-8, 11-22, the prior arts of record do not disclose an interpretation system comprising: a first and the second modules which structurally arranged and functionally operated as claimed.

### ***Response to Arguments***

Applicant's arguments filed on 06/23/2006 have been fully considered but they are not persuasive.

With respect to applicant's argument about the non-statutory subject matter, claim 9 and 10 lack a tangible result and are nonstatutory for that reason. Further, the specification does not define the claimed computer-readable storage medium as claimed in claim 23. Since the claimed computer-readable medium was not defined, it could be a signal or a carrier wave, which is non-statutory.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
